

1. First you make a navy blue background.
2. Then you make the bottom circle half way off the screen, then the middle circle is about three fourths on the bottom and then the top circle is one fourth on the middle one make them white.
3. After that make six little black circles two for the eyes. Put the two a little bit under the top and four for the mouth make the mouth a little bit above the end of the top circle. Make the last four the mouth make the circles smile!
4. Then go to shapes and get the triangle tool and the outline and the fill colors are orange. Then put the triangle in the middle of the face and make it medium big.
5. Next you go to shapes and get the rectangle. The color needs to be black all the way. On top of the head make a skinny black line and on top of the line you make a rectangle. Then you need to make the color red and make the ribbon on the hat. The ribbon has no bow.
6. After that you need to make two medium sized circles they have to be black. Then make two red ones a little smaller than the first one. Then make two purple circles a little smaller than the second ones. Put them on top of each other the big one black one under the red one 2nd and the purple one 3rd. Make only two sets on the body (middle white circle)
7. Next you go to the drawing tool and make the pen brown and on the middle circle you draw a line on both sides. Then on the pencil make the pencil 72 and make snow on the ground.
8. Then go to shapes and make four stars like you see in the picture. Then go to stamps and get the one that looks like the pirate ship wheel make them white.

Then you're done!
